

GO GRAY SUNDAY

May 7, 2017

Today, churches are joining together in prayer for the families with children battling brain tumors. As churches, it's important that we lift in prayer the children who are currently fighting, the children who have survived, the children who have passed away, and the families of all. May is brain tumor awareness month and you are encouraged to read the facts below and make a donation to support further research.

Pediatric Brain Tumor Facts

9 kids are diagnosed every day in the US.

There are over 120 types of brain tumors.

Only 66% of brain tumor patients survive.

#1 cause of cancer related death in children.

**To make a donation to pediatric brain tumor research
visit GoGraySunday.com or mail checks to:
TIL Foundation; P.O. Box 12052; Knoxville, TN 37912**
