

West Knoxville church seeks a full time Assistant Maintenance Technician of facilities.

The ideal candidate must have a minimum of two years' experience in facility maintenance and be detail oriented. The maintenance technician will be responsible for the overall cleaning and repair, including basic plumbing, electrical, and mechanical repairs, of our 52,000 square foot facility. A list of specific duties will be assigned with daily, weekly, monthly, and seasonal schedules.

In addition to inside the building, outside maintenance is required such as seasonal cleaning of windows, weed trimming, occasional lawn mowing, and leaf blowing of grounds. Basic plumbing and electrical knowledge is required. Project and budget planning may be a future growth opportunity.

Physical requirements are the ability to lift 50 lbs., work from ladders, bending and stooping, as well as being on your feet 8 hours a day.

Candidate must have a valid driver's license and must complete and pass a background screen and pre-employment drug test.

Compensation is based on experience, pension plan is available.
