

## **MUSIC LEADER JOB OPPORTUNITY**

Munsey United Methodist Church's Open Door worship service has an opening for a Music Leader. This worship service is unique and eclectic. The congregation, that averages 60 in Sunday morning worship and meets in the Melting Pot, is made up of John Sevier Center residents, Salvation Army sheltered, other low-income downtown neighbors, even some who are homeless, as well as ETSU professors, other working and retired professionals, young adult families and college students. It is described as a "spiritual surprise."

Details of the Music Leader position:

- This musician will lead the congregation vocally and with either guitar or piano. Currently there is no band or praise team, but that could be developed.
- The minister will provide the music leader with sermon title, scripture text, and message summary so music selections (typically five songs) can help weave the service together.
- The style is a blend of traditional hymns and contemporary songs.
- No weekday or Saturday rehearsal is necessary. Rehearsal may be held on Sunday mornings before worship.
- The position is to be filled by the end of April with a transitional overlap period possible earlier in the month.
- The blessings are great, but the pay is small. Starting stipend is \$70 per week with opportunity for growth.
