It is also great for long-time United Methodists who would like to check their basic knowledge of the church. Each of the four modules contains many interactive features and take about one hour to complete at the participant's convenience. Check out the course review and register today. <http://www.umcom.org/>

Web Ministry 102 gives you a strong foundation for building a Web ministry. You will find a network of relationships for support, feedback, encouragement and resource sharing. Completing the course prepares you to maintain and evaluate your website. Prerequisite WM101 or equivalent skills. <http://www.umcom.org>
