

Susannah's House is a licensed Intensive Outpatient Program that provides hope and healing for mothers and babies who struggle with Opioid abuse. We are a faith based program and we use evidence based therapies to help end the generational cycle of addiction. We serve Knoxville, TN and surrounding counties.

Susannah's House seeks a full time therapist, licensed as either LPC, LCSW or LMFT to join our team. Proficiency in addiction therapy is preferred. A passionate heart for women and children is a must.

Please send resume and cover letter to: rfetzer@susannahshouse.org
